SCOPE OF SERVICES / PAYMENT OF SERVICES

1.0 BACKGROUND, SCOPE OF WORK, AND SCHEDULE MILESTONES

1.1 Background and Scope of Work

The successful candidate will perform certain services of a land surveying nature exclusive of Mining Maps, specifically, Review of Parcel Maps, Large Parcel Maps, Reversionary Maps and Boundary Line Adjustment Maps. Additional reviews would be required for Final Subdivision Maps and Certificates of Amendments. All services are to be performed in accordance with the Nevada Revised Statutes Section 255.

The County Surveyor shall keep a correct and fair record of all surveys made by him/her in his official capacity, or by his deputies acting in his stead, in the form of original field notes in field books to be provided by the County for that purpose, number such surveys progressively and make and preserve a fair and accurate record map of each survey.

As per Nye County Code 16.20.80, the Nye County Surveyor shall review and sign all maps approved pursuant to this Chapter prior to recording stating that the map is technically correct. Should the County Surveyor not agree that the map is technical correct; the map shall be returned with a statement indicating the area(s) where the county surveyor disagrees with the map preparer, requesting corrections or further review. Should the map preparer disagree with the County Surveyor, the County Surveyor shall place a statement on the map indicating the area(s) of disagreement. Unless action by the County Surveyor is a requirement of NRS, should the County Surveyor fail to take action within thirty (30) days the map shall be deemed approved. Nye County shall not be liable for any error, omission or property line dispute occurring by the recording of any map. Fees may be charged for this service pursuant to a Resolution adopted by the Board of County Commissioners.

Any map requiring review by the County Surveyor or his appointed Deputy may not have the County Surveyor or Deputy as the surveyor in responsible charge signed on the same map.

All fees for the County Surveyor to sign off on maps for the County and Towns are to be waived.

The County Surveyor must maintain an office in the County seat.

Additional scope of work pursuant to NRS 278.376 as follows:

Certificate by county or city surveyor or by county or city engineer.

1. A final map presented for filing must include a certificate by the county surveyor or county engineer if a subdivision lies within an unincorporated area, and if a subdivision lies within a city, a certificate by the city surveyor, city engineer or county surveyor when for that purpose appointed by the governing body of the city, stating:

(a) That he or she has examined the final map; and

(b) That the map is technically correct and that if the monuments have not been set, that a proper performance bond has been deposited guaranteeing their setting on or before a day certain.

2. The person certifying the information required by this section must be licensed as a professional land surveyor or civil engineer pursuant to chapter 625 of NRS.
